

OBELIUS TECHNOLOGIES

Employee Handbook
Version 2.0 | Effective January 2026

Last Updated: January 2026 | Applies to all employees

1. Welcome to Obelius Technologies

Welcome aboard. This handbook is your guide to life at Obelius Technologies — our culture, expectations, and the ways we work together. Please read it carefully and keep it as a reference throughout your time with us. For questions, contact hr@obelius.com.

2. Company Mission and Values

Our mission is to build software that solves real problems — reliably, securely, and at scale. We are a Tashkent-based team serving global clients, and we take pride in the quality of our engineering and the integrity of our relationships.

Our Core Values

- **Ownership:** We take responsibility for our work and follow through on our commitments.
- **Clarity:** We communicate honestly and directly, whether in code, documentation, or conversation.
- **Craft:** We care about quality. Good enough is rarely good enough.
- **Respect:** We treat every colleague, client, and partner with professionalism and empathy.
- **Growth:** We embrace feedback, challenge our assumptions, and invest in learning.

3. Organisational Structure

Obelius Technologies operates with a clear, flat hierarchy designed to keep decision-making fast and accountability clear:

- **CEO** — Sets company strategy and overall direction.
- **Department Heads** — Lead Engineering, Product, Design, Sales, and Operations.
- **Team Leads** — Own delivery within squads and mentor engineers day-to-day.
- **Engineers & Individual Contributors** — Build, test, and ship product.

All employees have a clear line manager. If you are ever unsure who to escalate to, your HR contact can advise.

4. Code of Conduct

All employees are expected to behave with professionalism, honesty, and respect at all times — whether in the office, on a call, or representing the company externally. The following behaviours are not tolerated:

- Harassment, discrimination, or bullying of any kind.
- Sharing confidential company or client information outside authorised channels.
- Misrepresentation of work, skills, or credentials.
- Unauthorised use of company systems or intellectual property.
- Any conduct that brings the company into disrepute.

Violations of the code of conduct will be addressed through the disciplinary procedure outlined in the HR Policy document.

5. Dress Code

Our dress code is **smart casual**. This means clean, presentable clothing appropriate for a professional environment — jeans are fine, but torn or overly casual clothing is not. On client visit days or formal presentations, business attire is expected. When in doubt, dress one level smarter.

6. Communication Guidelines

Internal Communication — Slack

Slack is our primary internal communication tool. Use it for team updates, quick questions, and project discussions. Keep channels organised and on-topic. Use @mentions responsibly and respect colleagues' focus time.

External Communication — Email

All communication with clients, partners, and external stakeholders must go through company email (your @obelius.com address). Never use personal email for business correspondence. Maintain a professional tone and ensure responses are timely — within one business day as a standard.

7. Meeting Etiquette

- Arrive on time. If you are running late, notify the organiser in advance.
- Every meeting must have a clear agenda shared at least 24 hours beforehand.
- Take and circulate notes, including action items and owners, within 24 hours.
- Keep cameras on for video calls unless bandwidth or environment prevents it.
- Phones should be silent and not used during meetings unless directly relevant.
- Decline meetings you cannot contribute to — your time and others' are valuable.

8. Probation Period

All new employees serve a **3-month probation period** beginning on their first day. During this time, your manager will conduct informal check-ins at the 4-week and 8-week marks, and a formal probation review at week 12. Successful completion of probation will be confirmed in writing. The probation period may be extended by up to one month if further development time is required.

9. Raising a Complaint

Obelius Technologies takes all employee concerns seriously. If you have a complaint, please follow these steps:

- 1 **Informal Resolution:** Where possible, raise the matter directly with the person involved or your line manager. Many issues can be resolved quickly through open conversation.
- 2 **Formal Complaint:** If informal resolution is not appropriate or has not worked, submit a written complaint to hr@obelius.com. Include a description of the issue, dates, and any supporting evidence.
- 3 **Investigation:** HR will acknowledge your complaint within two working days and begin an investigation. You will be kept informed throughout the process.
- 4 **Outcome:** You will receive a written outcome, typically within 10 working days. You have the right to appeal any decision within 5 working days of receiving it.
